Dear Harold,

Enclosed is a copy of the article on Earl Warren and the FBI that appeared in the Durham Morning Herald. I assume that you saw a copy of the NYTs version that ran Nov. 29 and went out on the wire on the 30th. Another version appeared in the S.F. Examiner on the 30th.

Thank you for your help.

Sincerely,

Alex

P.S. The NYTs edited out the Warren-Hoover luncheon (for space reasons?).
